Dugger Park is again the place to be on June 24! Come spend your day with us at West Medford Open Studios, a special celebration of art and community.

This year we have more than 70 visual artists, plus live music and live readings! In fact, we have so many visual artists that we have expanded to the West Medford Community Center – please make sure that you cross the street to visit these artists. And we welcome back our local food and beverage vendors.

We know that you will enjoy, learn, and take something home with you. Bring your friends and join us all for a wonderful day of the arts in Medford.
